[THIS EMAIL ORIGINATED OUTSIDE OF CAPITAL HEALTH]

Dear Doctors Hasan & Goldsmith,

I am sorry that it has taken this long for me to reach out to the both of you. I really don't have any excuses for not doing so. This is Dr. [REDACTED] and recently I was given a Doximity Survey regarding the program at Capital Health to offer my review about the teaching experience I received while I was at the Residency Program. Obviously, I had nothing but good things to say as my memories and experience at the Capital Health Program were nothing short of excellent.

I wanted to thank both of you, and the wonderful staff and administration at Capital Health for granting me a residency position, and for giving me the opportunity fulfill my dream and to do what I love. I am up in Syracuse NY now and serve as the Associate Medical Director of Hospitalist Medicine at SUNY Upstate University & Medical Center. None of this would have ever been possible had it not been for the both of you taking a chance on me and allowing me to finish my training and tutelage.

With all that being said, I would love to come down and speak to the Residents if you ever need me to. About any topics, whether it be general counseling, board review, etc. I would love to impart all of the wisdom and advice that I learned while I was at the program at Capital Health in hopes of "paying it forward". Please don't hesitate to let me know and I will make sure to make a trip out there with the added benefit of seeing you all.

Once again, thank you for all that you have done for me. It is a debt that I can never quite repay, and the lessons that I learned while at Capital Health have helped to carry me forward in my personal and professional career. I hope to see you all soon in the near future!

Sincerely,

[REDACTED]
